Cabinet Components & Panel Processing

## WELCOME

Welcome to CaseQuick, a quality leader in the manufacturing of custom-order cabinet components.

We are committed to customer service. By working together we can guarantee high quality cabinet, closet organizer, and custom panel component parts with a fast turn around and at an affordable cost.

At CaseQuick we give you the ability to personalize your order for a custom look, without the custom price. Because of our versatility we can offer unique solutions based around your specific needs.

Our CaseQuick catalog has a large number of standard cabinets. By adding in custom sizing and parts there are thousands of solutions at hand, giving you the freedom to design for any installation.

We take pride in the quality of our products for the cabinet, closet storage, commercial casework, and architectural design industries. CaseQuick is a division of the Romark Corporation.

## **MATERIAL SPECIFICATIONS**

### **BOX COMPONENTS**

All component parts are cut from  $\frac{3}{4}$ " (19mm) double-sided white melamine and have an applied edgeband on all exposed edges. All boxes have solid tops and fully captured  $\frac{1}{4}$ " (7mm) one-sided white melamine back panels. One top nailer and one top drawer stretcher are supplied with each standard base cabinet. All standard wall cabinets are supplied with two nailers. All components are bored for the 32 mm system and dowel construction. Dowels are provided.

### **DRAWERS**

Each Standard Base and Standard Vanity Base includes one 4" (100mm) depth drawer box. Drawer box components are cut from  $\frac{5}{8}$ " (16mm) double-sided white melamine and have an applied white edgeband on all top edges. Drawer bottoms are fully captured  $\frac{1}{4}$ " (7mm) one-sided white melamine. Drawer sides are bored for dowel construction.

### **SHELVES**

Each Standard Base, Standard Vanity base, Blind Corner base and Base 2 Top Drawer cabinet includes one  $\frac{3}{4}$ " (19mm) full depth adjustable shelf. Each Standard Wall cabinet includes a variable number of  $\frac{3}{4}$ " (19mm) full depth adjustable shelves as pictured in the catalog. The Utility/Pantry cabinet and Tall Cabinet includes one fixed support shelf. All additional shelves are ordered separately.

# ***CASE QUICK***

## **ORDERING INFORMATION**

### **1. CATALOG ITEMS**

All catalog and non-catalog items will be built on a per order basis using ROMARK order forms. We are not responsible for cabinet drawing "take-offs" however drawings for custom boxes are always appreciated.

### **2. PRICES**

The prices printed in this catalog are LIST prices. To determine your wholesale cost, please refer to the multiplier information on page 5.

### **3. TERMS OF SALE**

A 50% deposit is required to start your order unless prior written credit approval has been established before your order is placed. The balance is due when your order is ready to ship. Prompt payments speed delivery. High volume orders will be quoted on a per job basis.

### **4. DELIVERY**

Orders will be shipped via common carrier. Shipping costs will be added to each order or paid by the customer at the receiving end. "Will Call" orders may be picked up Mon. – Fri. between 8:00 am and 3:00 pm.

### **5. LEAD TIMES**

Every effort will be made to complete your order in 14 working days from the date of confirmed orders. For custom orders or unusually large orders, please contact a sales representative for more information.

### **6. ORDERING CABINETS**

All orders and inquiries receive prompt handling. To help in processing your orders and to avoid errors we suggest the order form at the back of this catalog be used and faxed to our sales desk when placing orders. When writing your box description please use the following method:

#### **WIDTH X HEIGHT X DEPTH**

This is a standard size box:

Example: 3DB21     21 x Std x Std

This is a custom sized box:

Example: 3DB22     22 x 34.5 x 16

# PRICE MULTIPLIERS

Spring 2010

Our catalog prices are **LIST PRICES**. We use a multiplier system to determine your cost.

1. The standard catalog box is **White Melamine with White PVC 2001 edgebanding**.  
The current multiplier for "White on White" is **.51**.

Example    1. SB36      List Price --\$152.74 x .51 = \$77.88 Your cost.  
              2. W3030      List Price --\$110.56 x .51 = \$56.39 Your cost.

2. In between sizes use the **NEXT SIZE** list price.

Example    1. B28 use B30 price.

3. White boxes with the following stock edgebanding: **.53** multiplier.

## Stock PVC

Almond	949 White
Antique White	Mission White
Folkstone Gray	Paintable PVC
Hard Rock Maple	Black

## Stock Veneer

Maple  
Red Oak

4. White boxes with the following stock edgebandings: use a **.55** multiplier

## Stock Veneer

Cherry  
Fir  
Pre-Finished Maple

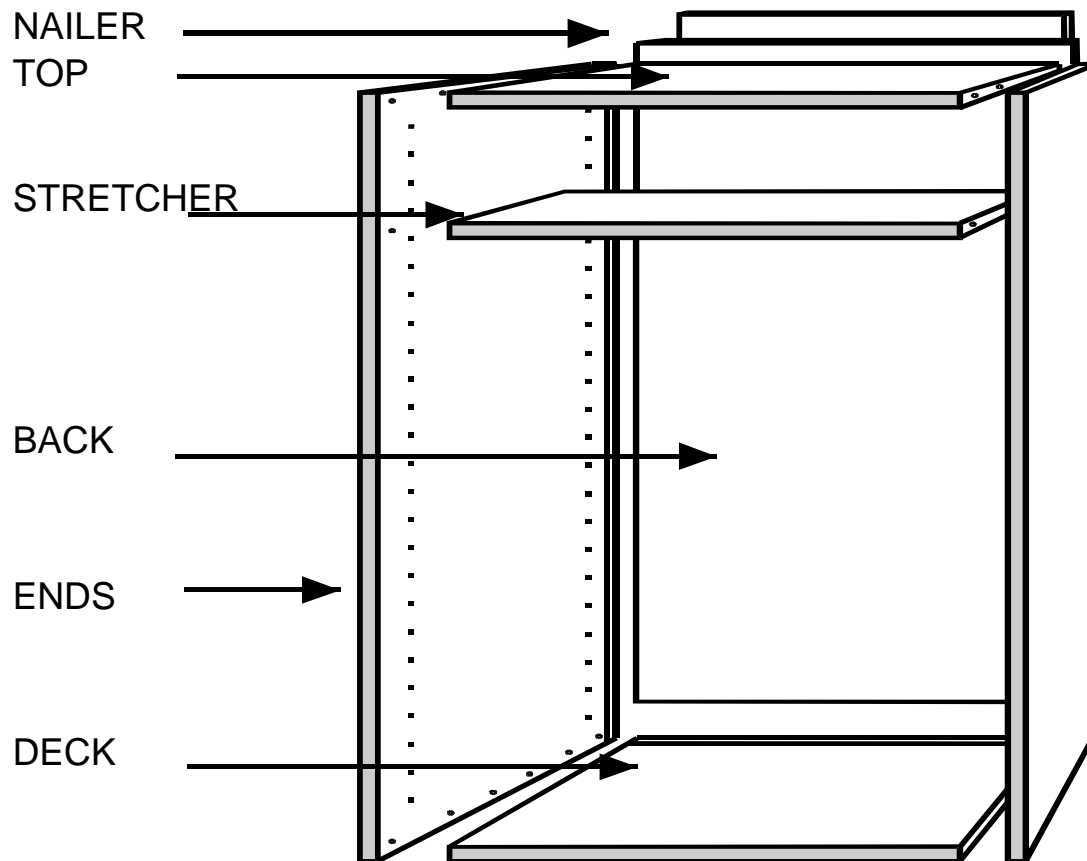

Our stock materials consist of several different colors of melamine IPB as well as Pre-finished Maple plywood. We have and will continue to make parts out of nearly any material our customers require. Please call for special pricing and lead times.

5. Prices and specifications are subject to change without notice.

ROMARK Corporation will replace any defective part as soon as possible. We are not responsible for any customer costs incurred related to the use, delivery, installation or any other problems that may arise due to flaws or delays in the manufacturing process.

# ***CASE QUICK***

## **ASSEMBLY INFORMATION**

1. Place sides on a flat work surface and install hardware in desired locations. Apply glue in construction holes and back slot.
2. Apply glue and insert dowels into top, deck, drawer stretcher (where applicable) and assembly rail.
3. Insert top, deck, drawer stretcher (where applicable) and assembly rail into one side of the cabinet.
4. Slide back into position.
5. Place opposite side onto dowels and gently press into place.
6. Clamp and (or) screw box together checking for squareness. Secure back with staples or glue if necessary.

# DOOR AND DRAWER HEIGHT LAYOUT

VERTICAL LAYOUT FOR BALANCED WALL CABINETS  
(APPROX. 2mm REVEAL TOP & BOTTOM)

Tall box door sizes are determined by the size of the box minus a reveal of 2mm top and bottom. The doors are split based on the location of the fixed shelf.

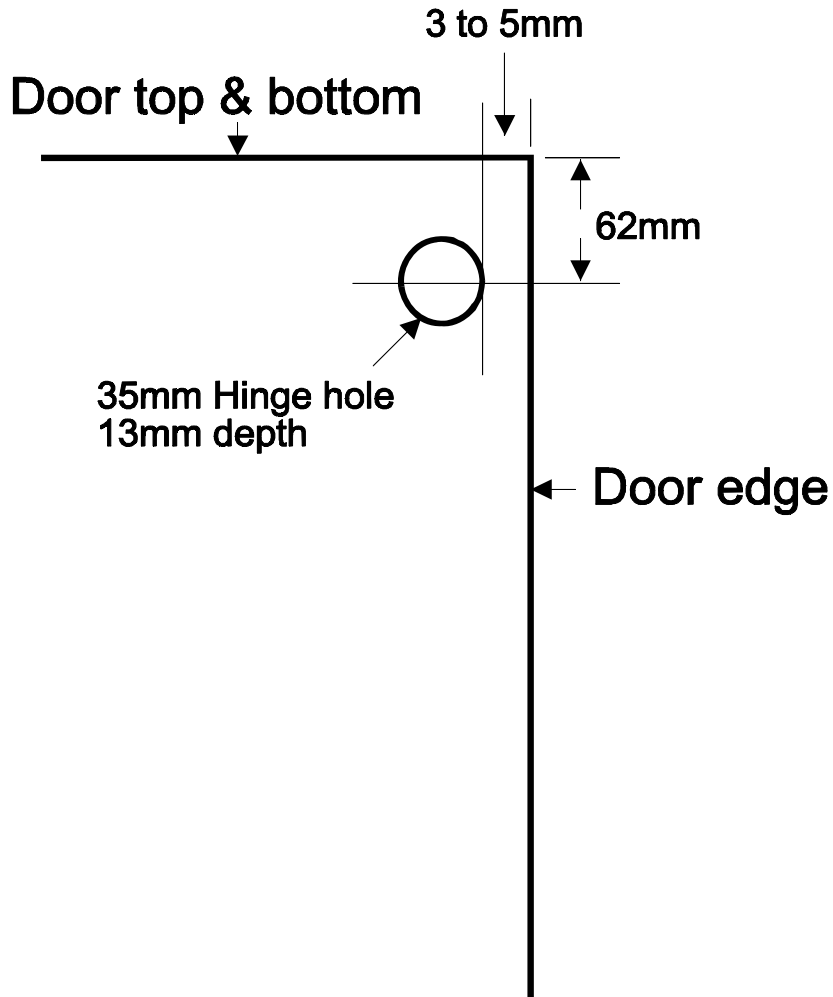

The width of all cabinet doors is based on a 1.5 mm to 2mm reveal on each side of the cabinet.

***A door and drawer front size information sheet is available to match the customer's order.***

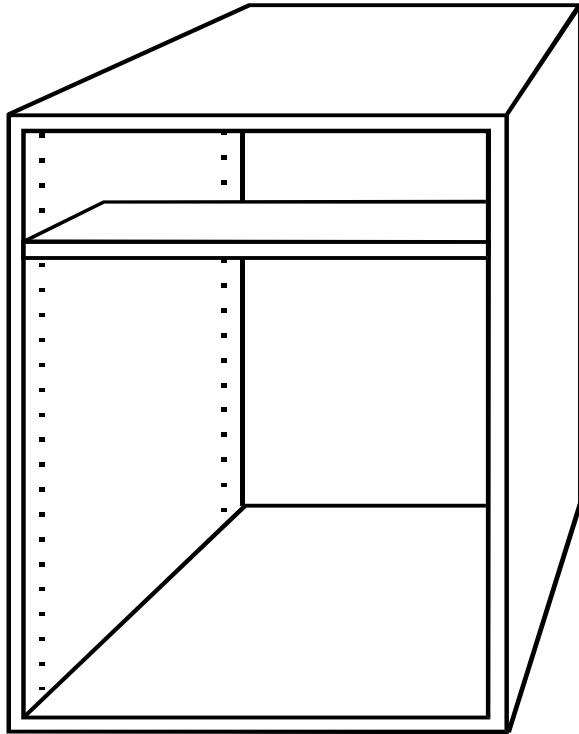

This sheet can be faxed or mailed to the customer or a specified door manufacturer on request.

Your actual sizes may vary depending on the reveal required by your specific job.

# SUGGESTED HINGE PLACEMENT

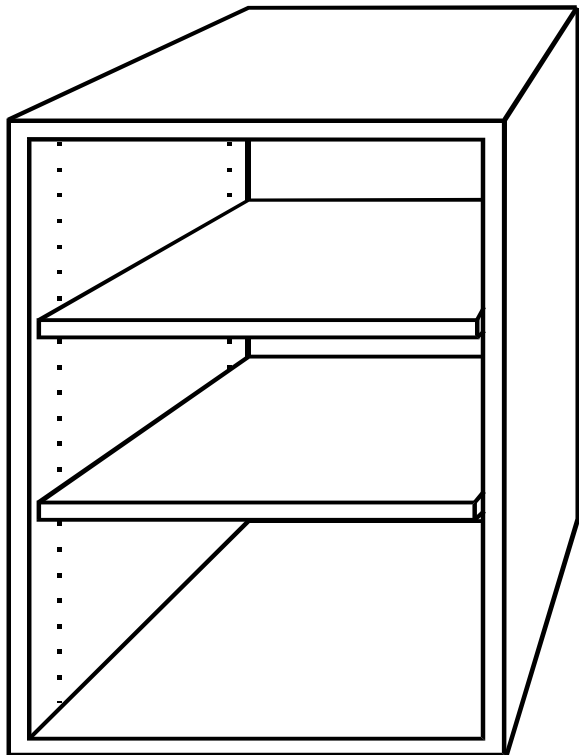

All door, drawer front and drilling information is provided to assist our customers.  
This information is provided only as a guide.  
ROMARK Corporation is not responsible for the use of these documents.
